

WeTeachNYC IS PERSONALIZED

Save resources and create individualized lists!

You can save resources and collections in the library to have quick access to your favorite items no matter what device you are on.

You can save your resources in the library into lists to organize and access them more easily.

You can share the lists you create with others with a unique URL. This is a great way to share resources with your colleagues.

WeTeachNYC IS PERSONALIZED

Get personalized recommendations!

You can share details about your interests in order to have resources recommended to you on the WeTeachNYC homepage. You can share as much or as little about yourself as you like.

The screenshot shows the WeTeachNYC homepage search interface. At the top, there is a search bar with the text "Search for lessons, professional learning resources, and more" and a green arrow icon. Below the search bar, there are several filters: "POPULAR SEARCH TERMS" (ESL-EL, Videos, Dashboard, Professional Learning), "Grades" (a dropdown menu showing H, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12), "Subject" (a dropdown menu), and "Educational Use" (a dropdown menu). A "MORE FILTERS" link is also present. Below the filters, there is a section titled "Get personalized recommendations!" with a close button (X). Underneath, it asks "What subjects are you interested in the most this year?" and lists several subjects with checkboxes: English Language Arts, Mathematics, Science, Social Studies, AIS - Literacy, Arts, Computer Science, and Health and Physical Education. At the bottom of this section, there is a green button labeled "Next: Grades".

Classroom resources recommended for you.
